DUNEDIN BOAT CLUB NEWSLETTER

Volume 15, Issue 11, November 2021 – *Happy Thanksgiving!*

Commodore Corner...

Ahoy Maties! I hope everyone had a fun and safe Halloween. Cooler weather is here, Red Tide is in check, and Covid is on the decline. It was so wonderful to see everyone at the October General Meeting. It is great to be getting back to normal!

A big shout out to Dan Zucker, Ron Kinkead, and Brenda Hanson for serving on the Nominating Committee. I am pleased to say that we have a full Board. As of this writing, we are still in search of a Secretary. If you might be interested in serving the clubhouse by taking meeting minutes and coordinating the agenda, please let Dan, Ron, or Brenda know.

Also, a huge shoutout to John Hanson for working with the Purser and Finance Committee to develop a 2022 budget. We will be voting on the new budget at the November General meeting, so I encourage all to attend. I will be in Washington DC on a business trip, so Cindy will be leading this meeting and vote.

November will also see the world famous Chili Cookoff and Nautical Auction! Be sure and bring your unused nautical items to the clubhouse. Your trash is another person's treasure. This is a great place to pick up some items that you have been needing at a great price. All proceeds are donated to the club. Big bonus is that you get to taste some of Dunedin's finest chili!

Wishing you fair winds and smooth seas.

Your Commodore,

Captain Sheryl Barnes, USCG Captain, USCG Auxiliary
Commodore, 203-554-1520, Dr.Sheryl.barnes@gmail.com

Vice Commodore...

At the November 15th DBC General Meeting, we will have Tia Lawton as our guest speaker. Tia will tell us about the wonderful organization she runs...Birthday Wishes...Every Child Deserves a Birthday!

Tia collects donations that help underprivileged children celebrate their birthday parties. It is truly magical for a young child to have their own wonderful birthday and Tia will tell us about the joy she is able to bring to these children. Here are some of the items that Tia collects from donors:

Plates	Cake mixes	Tablecloths	Frosting Decorations
Confetti	Utensils	Balloons	Themed Decorations
Candles	Napkins	Party Favors	

Then the items are boxed up for a child's birthday party and delivered to the Dunedin Cares Food Pantry. Please bring any of the items listed above to our DBC General Meeting. What could be better than providing a child a wonderful surprise on their special day...THEIR BIRTHDAY!!!

Sean Murphy will be organizing the Toy and Food Drive for Dunedin Cares Food Pantry.

Also right before the DBC November 15th General Meeting, we will have a social mixer with music by our very own Irish Dennis Panars. **The Social Mixer starts at 6:30pm** and will run till 7:20pm. Bring an appetizer to share with everyone. The DBC Club will have beverages.

This Social Mixer is The DBC's way of thanking Renee Rada for her outstanding work for the DBC this past year. As The DBC Social Chair, Renee has worked many hours planning our dinner and social events during this pandemic. She is simply the BEST and now is a time we can show our appreciation for her great work! YOU ROCK RENEE!!!

Boat Buddies...

Go Boating with Your Friends - Make Some New Ones!

Knowing that you have an excursion with others will get you on the water more often. Ask a club member to join you and they, in turn, will show appreciation by bringing beverages, appetizers, paying for gas, offering to uncover the boat and clean up after.

There's a new opportunity to connect with boat club members by linking owners with those who would like to be passengers. Volunteer boat owners and passengers would email the information requested below to who will compile a spreadsheet and post it on the website under FORUM. When a captain plans an outing, he or she could look at the list to check who might be available to join and then phone or text. Boat owners can be included in both categories because it could be someone wanting to learn to sail, or someone wanting a fishing buddy, or a kayaker who can't make it the day Peggy has planned.

If You Plan It, They Will Come...

Fishing Report...

The cold fronts have come and reduced the water temperature enough for both king fish and large Spanish mackerel to be just offshore. Chum and use live greenbacks to catch them! The stone crab traps are out and the buoy above them may hold a nice tripletail. Cast live shrimp or greenbacks to catch one and make sure they measure 18 inches before you keep one. They are fun to catch on light tackle.

Inshore trout, redfish, and snook will be on the flats along with some black drum and sheepshead. Offshore hit the hard bottom to find tasty white grunts, seabass, snapper, and possibly a keeper grouper. Watch the weather and get out on the calmer days, Magic Seaweed is a great app to check the sea conditions before you venture out. Be safe and go catch some fish!

Insights...

**November
Highlight
Peggy Schott
Member Since 2008**

I grew in upstate New York with little contact with water and boating. I went to Syracuse University and there met my future husband, Chuck. After we married, I discovered that he was a SCUBA diver and wanted me to become a diver. As I loved him dearly, I took a certifying class and passed by the skin of my teeth. That was because I was terrified. But we went diving in the lakes and quarries of central New York.

In 1971, we moved back to my home town of Kingston, New York. We had 1 daughter and a second on the way. We started a dive club there and I persisted in diving. Chuck's dream was to have a Dive Shop. So, we opened one in the basement of our home. We stocked it sparsely at the beginning, but as we sold stock, we invested in more so within a year or two we had a fully stocked dive shop with a compressor and tanks to supply air. I loved this, because I really didn't enjoy diving, so I with my two young children watched the shop, while Chuck instructed and ran trips.

We eventually moved the shop into a real building and continued working it. Chuck was diagnosed with lymphoma and died about 2 years later. Our girls were 7 & 11 at that time. I was encouraged to keep the shop by our ScubaPro sales manager. Since we now had no instructors, within 3 weeks, a good friend and I went off to New Hampshire to become certified SCUBA instructors.

This is when everything changed. Now when I dove, I had students to watch over and I lost my fear of diving and began to love it.

Insights...

Chuck had bought a 23 foot boat and I used it to take students diving in lakes within a few hundred miles. I ran trips to New Port and Massachusetts and dove with my students in the ocean. And I began to run trips to the Caribbean.

George & Peggy in Curacao

Meanwhile, I met George. He had visited the shop when Chuck was alive. We both skied and met at a Halloween Party thrown by our ski club. Two years later we were married at the same ski club party. No one knew about it until it happened. I was in my mother's wedding dress and he rented tails and a top hat. Our kids, by now all in their teens, were dressed in costumes, also. Ask us to show you the album and we will.

In 1987 we sold our house and dive shop and moved to Dunedin. Since we've lived here, we have continued boating and diving and now kayaking.

Among the watery things we've done together was a sailing, diving, bare boat trip to Tonga. We have owned 4 power boats together and have had lots of sailing vacations, also. Now that George is no longer interested in maintaining a boat, we kayak.

We have also owned a 5th wheel and spent several years traveling the country between April and November each year.
